

MEES

IEEE 20th International Conference on Modern Electrical and Energy System

September 21-24, 2021

Kremenchuk Mykhailo Ostrohradskyi
National University, Ukraine

Conference Overview

Institute of Electromechanics, Energy Saving and Control Systems of Kremenchuk Mykhailo Ostrohradskyi National University cordially invites you to take part in International Conference “Modern electrical and energy systems” (MEES 2021) September 21-24, 2021, Kremenchuk, Ukraine. The main purpose of the conference is communication between scientists and industry representatives from Ukraine and other countries, and also discussion new up-to-date technical inventions in accordance with the topics of the conference.

Scope

The MEES Conference is aimed at the presentation of recent advances on analysis and synthesis in electromechanics, electrical and power engineering as well as to provide a discussion on novel technical inventions in accordance with the conference topics.

Conference Topics

The topics of the conference will include, but are not limited to:

- **Electromechanics** – electrical machines and actuators, diagnostics and monitoring
- **Electrical and power systems engineering** – modern trends in electrical grids (distributed generation and smart grids), renewable and alternative energy
- **Industrial electronics** – design, manufacturing and simulation of semiconductor devices and converters
- **Simulation in electrical engineering**
- **Electrical Engineering Education and Education Technologies**
- **Industrial application & Industry 4.0**

Deadlines

Abstract submission

May 10, 2021

Paper Submission

May 10, 2021

Notification of Paper Acceptance

July 19, 2021

Final Paper Submission

August 9, 2021

Payment of conference fee

August 16, 2021

MEES-2021

September 21–24, 2021

Paper submission

The working language of the conference is English. Prospective authors are requested to submit full paper proposals (4-6 full pages) prepared according to IEEE double column conference proceedings format (use Microsoft word 2003 template):

http://www.ieee.org/conferences_events/conferences/publishing/templates.html

Submissions must present original ideas, must not have been published elsewhere (conference or journal) during the review period. Each author is allowed to submit and present not more than 3 papers. All submitted papers will be blind reviewed by at least two independent reviewers. Each accepted paper must be presented at the conference by one of the authors. Accepted and presented papers will be published either in “Transactions of Kremenchuk Mykhailo Ostrohradskyi National University” or in “Electromechanical and energy saving systems”. Accepted papers will be submitted for inclusion into IEEE Xplore subject to meeting IEEE Xplore’s scope and quality requirements. Papers not presented will not be published.
